TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of Dalton, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Dalton on Tuesday, the ninth of March next at ten o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town officers for the ensuing year.

2. To see if the Town will accept the budget for 1943 as prepared by the Selectmen and make appropriations of the amounts therein or make any changes.

3. To see if the Town will vote to raise \$200.00 for the control of the White Pine Blister Rust.

4. To see if the Town will vote to raise and appropriate the sum of \$45.00 to the White Mountain Region Association, being one 1|100th of one percent of the town valuation, for the purpose of issuing and distributing printed matter, newspaper and magazine advertising, and otherwise calling attention to the resources and advantages of the Town, in cooperation with the other 45 towns in the White Mt. regions.

5. To see if the Town will vote to give the Selectmen the right to issue temporary loans on the anticipation of taxes.

6. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

7. To transact such other business as may lawfully come before said meeting.

Given under our hands at said Dalton this 10th day of February, 1943.

THOS. F. SMITH,
E. H. CUSHMAN,
GEORGE RAMSDELL,
Selectmen of Dalton.

REPORT OF BOARD OF EDUCATION

To the Citizens of Dalton:

We herewith submit the annual school report. The report includes a detailed statement of expenditures and receipts for the school year closing last June, estimates and expenditures and income for the present year and for the next school year, and a written report by the superintendent. We recommend that the school district raise the sum of \$7,000.00 for the school year beginning next July.

An appropriation of \$7,000.00 should provide for current needs and for payment of note due during the year.

CLARIBEL C. BLAKSLEE,
 CLAUDE S. MACDONALD,
 ROBERT A. BRESNAHAN,
 School Board of Dalton.

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town School District in the Town of Dalton, qualified to vote in district affairs:

You are hereby notified to meet in the high school room in said Dalton on the ninth day of March, 1943, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.
5. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.
6. To see if the District will vote to make any alterations in the report of the School Board recommending the amount of money required for the support of schools and the payment of statutory obligations.
7. To transact any further business that may legally come before said meeting.

Given under our hands at said Dalton this eighth day of February, 1943.

CLARIBEL C. BLAKSLEE,
 CLAUDE S. MACDONALD,
 ROBERT A. BRESNAHAN,
 School Board of Dalton.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books of the School Board of the Town of Dalton, N. H. and other records of which this is a true summary for the fiscal year ending June 30, 1942, and find them correct and properly vouched.

E. E. WHITCOMB,

Auditor.

SUPERINTENDENT'S REPORT

To the School Board of Dalton:

I am pleased to submit the following report relative to your schools.

The financial report for the school year closing last June showed a cash balance of \$214.82. The balance sheet showed that you had given school district notes amounting to \$1,500.00, and that you had received an advance on this year's appropriation of \$1,000.00. The net deficit was \$2,285.18.

The budget presented to the school district meeting last March showed a total need of \$10,785.00 for

the present year not including the estimated deficit of \$2,235.00. Adding that to the budget total, the district need seemed to be \$13,020.00. Receipts for this year from sources other than taxation were estimated at \$4,200.00. The district meeting voted an appropriation of \$7,000.00 and authorized you to issue notes of the district to an amount of \$1,500.00. You carried out the instructions of the district meeting wisely,—you gave three notes of \$500.00 each, and secured an advance from the selectmen of \$1,000.00, having the cash balance mentioned above of \$214.82.

When the budget of proposed expenditures for this year was sent to the State Board of Education in October you were able to make reductions in several items. The total was reduced to \$9,885.00 including the sum of \$500.00 in payment of one note. The estimated receipts were then as follows: Remainder of appropriation \$6,000.00, State Aid \$3,854.00, dog tax (estimate) \$100.00, cash balance \$214.00, making a total of \$10,168.00. These figures indicated you could pay all bills, the note due during this year, and have a balance of \$283.00. Savings effected since October will probably make possible a balance slightly larger than this. The note due this school year was paid the last of December.

The budget proposed for next year, including note of \$500.00, totals \$10,188.43. The state aid, dog tax, and balance of this year may make your receipts from sources other than taxation total from \$3,000.00 to \$3,500.00. The difference may be as great as \$6,806.00 or as low as \$6,306.00. It would seem advisable for the school district to raise the sum of \$7,000.00 for the next school year. That is the same amount raised last year. It would not allow much for probable increase of prices or possible emergencies. This year you have received no rebate from Plymouth

Teachers College. With a smaller sum to be received from tuition because of a smaller school enrollment, the teacher college's expenses of operation will probably exceed its income this year. Hence, no rebate can be estimated on this year's accounting.

Last summer some painting was done at No. 1, some improvements were made in the woodsheds at both elementary buildings and some gravel was used at No. 1. Next year repair of roofs at Union and No. 1 should be made. Other incidental repairs should be made and all of the buildings must be cleaned. New pupil desks should be purchased for both of the elementary schools in the near future. New desks are needed in the junior high school also. Price and scarcity of school equipment will probably prohibit such a purchase, however, until after the war is over. An effort was made to locate proper stoves for the No. 1 School last summer. These stoves were not purchased and the old ones were repaired. They are not very satisfactory and should be replaced as soon as possible. If the Union School is to be continued indefinitely, septic toilets should be installed.

Several changes have occurred in the teaching staff during the past year. Mr. Bennett secured a position in Connecticut and the woodworking was dropped from the high school program of studies. The teachers college has been unable to furnish all necessary cadet teachers to the training schools this year. Miss Eleanor Winterbottom is being employed by the teachers college for the high school. Mrs. Newman secured a position nearer her home, and Mrs. Annie F. Harris was secured for the Union School. Mrs. Fannie J. Silsby was employed to succeed Miss Forbes at No. 1. These teachers are all doing good work. You have been fortunate in retaining the services of some teachers, of securing experienced teachers for

other positions, and in having an unusually good group of cadets at the high school.

The high school has been able to continue its program of last year, with the omission of woodworking. The school has not had the teaching time or facilities to adopt the pre-induction courses recommended by the armed services. The teachers have been given suggestions for relating subject matter in the different classes to the war program. This is being well done in the high school and in the elementary schools in degree suited to the age and advancement of the pupils.

The public schools have been asked to assist the war program in many of the government's activities. Teachers had charge of the registration of dealers and of civilians for sugar rationing or the securing of Ration Book No. 1. They also conducted the registrations for gasoline users and for fuel oil users. Earlier in the year they took an active part in the air raid warden's school of instruction and took the Red Cross instruction in first aid. They have assisted in many phases of civilian defense.

Teachers and pupils were enthusiastic in the drive for scrap, for keys, and in the effort to bring pennies into circulation. They have purchased stamps and bonds. They have made good use of current events papers and magazines in the study of war news. They are alert and well-informed. Seniors and Juniors in high school are being given special instruction relative to the different types of services in aviation, in the army, navy and marine corps. They are also learning of the government's civil service positions and of the opportunities in war production factories. To make every pupil realize his or her usefulness, to some degree, at every age level is a definite school objective.

Mrs. Spaulding has again conducted the health examination and has continued her effort for corrective work with all pupils having physical defects. Her report for last school year follows:

Number of pupils examined	157
Number of defective vision	25
Number defective vision corrected	21
Number defective teeth	91
Number defective teeth corrected	39
Number diseased tonsils	28
Number tonsil operations	6

This year you have adopted the plan of the Agricultural Marketing Administration, known as Penny Milk, for the distribution of milk to all school pupils at one cent a half pint bottle. Under this plan the Agricultural Marketing Administration pays the producer's cost of the milk and the school district pays for the cost of distribution. Undernourished children who cannot afford to pay for the milk get it free. The expense to the school district will not be large as the collections from pupils will nearly equal the cost of distribution. The Littleton Dairy has the contract to provide the milk. Its inability to make daily deliveries has made the problem of handling somewhat difficult in extreme weather. On the whole the milk program is doubtless of benefit to the pupils.

This year, also, you have applied for surplus food products provided by the Agricultural Marketing Administration and distributed to the schools under the direction of the State Board of Public Welfare. Apples, canned grapefruit, tomatoes, and some other products have been received. These are distributed to the pupils free. The school district pays for the freight charges on these products. The continued distribution of surplus food products by the Marketing Administration is somewhat uncertain. If stopped,

the schools should make an effort to serve hot soup or cocoa to those pupils who eat their noon lunch at the school buildings.

Certain items from the statistical report are printed on the next page.

I am glad of this opportunity to express my appreciation for your kindness and your help during the weeks last summer I was not in the union and not very active in the work of the school system. The cooperation and expressions of good will from local and state officials were very encouraging.

Respectfully submitted,

DANA S. JORDAN,

Superintendent.

STATISTICAL TABLE, DALTON SCHOOLS 1941-1942

School	Total Enrollment	Percent of Attendance	No. of cases of			Visitors
